What is a Neighbourhood Plan?

Ingham is our village, and we all have a voice that counts in how our village develops over the coming years.

We are able to do this through new Government laws that allow local decision making to be put in the hands of local communities.

Decisions that we make will be set out in a document which will be known as our Neighbourhood Plan.

This document, once completed and accepted, will become part of the statutory planning arrangements and must, by law, be taken into account whenever future planning applications are considered.

In order that everyone gets a chance to join in and contribute to our Village's Neighbourhood Plan, we hope that everyone who is older than 16 will share their thoughts and ideas by completing the questionnaire which is available either as a paper version or online at:

<https://www.surveymonkey.co.uk/r/Ingham>

As well as the questionnaire, groups that meet in the village will be approached for their input, as will those young people who are under the age of 16.

Our aim is to ensure that as many villagers as possible will be able to have their say. If help is needed by anyone in completing the questionnaire please contact:

Gavin Monks, Parish Clerk

Your completed survey will be collected on Monday 8th July (please leave in a visible place outside if you are not going to be at home).

If you wish to follow our progress, you can through attending future consultation events or by discussing it with the Parish Council and Neighbourhood Plan Steering Group or contacting the Parish Clerk as above.

Ingham Neighbourhood Plan Questionnaire

Introduction

Ingham Parish has evolved over the years, shaped by the people who live and work here. We are seeking your views as a resident on your experience of the area.

We will use this information to ensure that what we plan to deliver to the area, reflects the feelings and needs of the people.

Please take the time to fill in this questionnaire.

The more feedback we receive, the more accurately we will be able to respond to people's needs.

You can find out more information about the Neighbourhood Plan at:
